Summer Session Information

UCSF offers three different summer sessions to its matriculated degree-seeking students. Summer session 1 and summer session 2 are six weeks long. The summer term is 12 weeks long and runs from the beginning of session 1 to the end of session 2. Check the academic calendar ^[1] for dates.

Some programs at UCSF require their students to register in one or two summer sessions during their academic career at UCSF. The Office of the Registrar will place these students automatically in the appropriate summer session.

All the other students who wish to register for summer session need to submit a Summer Session Application ^[2] to the Office of the Registrar.

UCSF does not offer summer session to non-matriculated degree-seeking students.

Normal policies and procedures apply for study list filing ^[3], fee payment ^[4], and deadlines. Please review our summer fees page ^[5] for fees and information.
