## Part-time Enrollment

At UCSF, all certificate and degree programs are full time.

The dean of the Graduate Division or a designated representative may approve part-time enrollment for graduate academic students, with the accompanying fee reductions, only for reasons of occupation, family responsibilities, or health.

Part-time students pay the full Students Services Fee and one half of the Tuition charge. Nonresident part-time students pay one half of the Nonresident Supplemental Tuition charge.

To initiate reduction in fees, an approved application for part-time enrollment must be filed with the Office of the Registrar by the published deadline and before paying fees. The maximum number of units is six per quarter.

The application for Part-Time <sup>[1]</sup> enrollment is valid only for one quarter at a time.
